Feedback from Lancashire Schools for services from the Stronger Communities and Cohesion team (School year 2025-2026)

A great session, very informative & put across in an interesting way

We have really enjoyed working with you and it has made such a difference to our school.

It was great to hear and see that the staff felt engaged during your meetings. The training was really useful and we will be able to embed quite a number of ideas you suggested.

Just a quick email to say thank you so much for taking the time to visit us this week. The children have learned so much from you both and have a richer understanding of your religion and how it impacts on your life

Thank you for the meeting we had before half term. I found it really useful.
